SUMMER PLACEMENT REPORT

2022-24

FOREWORD

The Placement Committee at IIM Rohtak is extremely proud of the successful completion of the Summer Placements for the PGP Batch of 2022-24. We appreciate the efforts and contributions made by each individual who has helped to raise the position of IIM Rohtak globally.

The placement season was marked by a significant increase in the number of recruiters visiting the campus, which reflects the trust and confidence they have in the abilities of the students. The institution's extensive alumni network also played a crucial role in supporting the placement process, providing valuable insights and guidance to the students.

The placement process has not only helped the students gain practical experience and exposure to real-world challenges, but it has also helped the institution establish stronger relationships with the industry. These relationships have opened up opportunities for future collaborations, research projects, and placements, ensuring that the institution remains at the forefront of the industry-academic interface.

The successful completion of the summer placement season is a significant milestone for the institution, and it is a proud moment for everyone involved. It underscores the commitment to providing quality education, nurturing talent, and creating future leaders who can make a positive impact on society. The institution looks forward to building on this success and continuing to nurture talent and foster industry-academic collaborations in the future.

We remain committed to strengthening our relationships with our recruiters and continuing to nurture future managers and leaders of society through a common platform for corporate-academic collaboration.
